A SHORT STAY

Favourite travel experiences? I visited Venice for the Biennale and it was extraordinary, with fabulous parties and events. It is a sensory overload. **Holiday tippie of choice?** A jalapeño margarita or a campari soda. **Hottest hotel or resort?** Villa Lena in Italy, an artists' retreat outside Florence, that focuses on art and culture. **Favourite art/design piece collected abroad?** I have a Hilda Hellström urn on layby from the Gallery S. Bensimon in the Marais in Paris which I can't wait to bring home. **Travel essentials?** My jewels, phone, laptop, and a lot of outfits. **Ultimate travel escape?** A surf trip in Nicaragua or NYE in Rio. **Upcoming trips?** Hong Kong for the Diamond, Gem and Pearl Show and New York for a trunk show at Bergdorf Goodman. lucyfolk.com
